

Good afternoon,

I am Adrien Le Yondre, proud father of Emilia who just started CP. We arrived in Johannesburg mid-july, and very happy to embark in this new adventure alongside my wife, our cat and a newly adopted dog. I started my career in the hospitality industry in France, followed by a year working at Walt Disney World in Orlando Florida. I went back to France, where I worked in several restaurants, including the Hilton Hotel in Saint Lazare, and was tasked with the opening of the franchise "Pain Quotidien". In 2019, we moved to Phnom Penh, Cambodia, where I successfully launched a Mexican restaurant, that is still open to this day. After 4 years in Asia, we moved back to France in January 2023. Now, settled in Johannesburg, I'm eager to engage with the community on a deeper level by contributing my diverse experiences and perspectives to the school board. I have a passion for football and learning all about wines.

Sincerely,

Adrien Le Yondre
